PRESIDENTIAL CAMPAIGN OPENS.

In the Senate in a Spirited Debate Between Simmons of So, C. And Beveridge of Ind.

THE CANDIDATES ARE NAMED.

For the Republicans it is President Judge Parker.

Washington, April 1.-There was a pirited debate in the senate today benen Mr. Simmons of North Carolina and Mr. Beverldge of Indiana on the question of the propriety of a congressional investigation into the affairs of the postoffice, during which the prospective presidential nominees of the two political parties in the next campoign were freely discussed.

Mr. Simmon's said that the Republicans siready had in effect named as their presidential candidate the present occupant of the White House. He described the president as a man of pectacular propensities, rash, hardheaded and impulsive; a man believed by thousands, aye, by millions, including many in the Republican party, to be by nature and temperament unfitted for the presidency because dangerous to be entrusted with supreme power. Mr. Simmons admitted that there are now factional differences in the Demo-crate party, but said they would be baled and the party would give the country "a candidate who would be soler and of a judicial temperament; of ound mind and judicial disposition; a man who will get a large Republican vote because Republicans will know that their interests in his hands will be

Mr. Beveridge replied, thanking Mr. Simmons for the warning that the Re-publican party must fight for its life the next campaign. He referred to his inquiry of Mr. Simmons as to where he corruption in the postoo. This, he said. ms an illustration of fearlessness in conduct of public affairs which was

well satisfied with this character of vice as to be content to continue it He then culogized President Roosevelt's lership, saying it had been so wise d patriotic as not only to command a united support of his own party in senate, but also to force a division on the Democratic side of the chamber. Mr.Deveridge said that the announceent that the Democrats nave a candate is news to everybody, and he in-sted that Mr. Simmons should gratify the curiosity of the senate by giving his name. "Tell us who he is," Mr. Beveridge said, appealing to Mr. Sim-

Mr. Beveridge: "Then give us his hame. Is it Judge Parker?" Mr. Simmons: "He'd make a very good one, but I do not undertake to Mr. Beveridge: "The senator insists in reticence as to Judge Parker; pos-sibly he will tell us whether it is his fellow-citizen. Mr. Hearst; what does he say to that?"

Mr. Simmons: "I have stated that I had in mind the name of no particular man. I do not think the senator should ress me further. The senator knows that it is not proper that I should attempt to name the man in jew of the act that the Democratic candidate will e nominated by the Democratic conntion and not as the result of the Mr. Beveridge: "Is your candidate

Mr. Beveridge predicted great diffi-culty on the part of the Democrats in agreeing both on candidates and on is-sues. The Republican party was more fortunately situated. That party would be able to present not only a formid-able array of issues, but a leader who would present them worthily. "It is true," he said, "that we have agreed upon a leader. The name of our

Opposes Swayne's Impeachment. Washington, April 1.—The minority views of Representative Gillett of Califernia, heretofore published, to which are appended brief statements by Representatives Littlefield of Maine and Parker of New Jersey in opposition to the impeachment of Judge Charles Swayne of Florida, have been printed for the use of members. The Gillett report is signed by himself and Representatives Nevin. Alexander and Pearre. Mr. Littlefield prefaces his signature by the statement that although he has not had time to examine the minerity report he has examine the minority report, he has carefully amined the record in the case, "a have no hesitation in saying that in my opinion it does not disclose a state of facts that would justify impeachment proceedings."

Murderer Confesses.

St. Louis, April 1 .- William Church confessed today to having murdered Mr. and Mrs. Henry W. Yeater, his benefactors, at Warrensburg, Mo., last August. "I cut their throats with my razor while they were asleep," he said. Church then calmly related the details and told how he escaped from the country. "If doesn't keep me awake at nights," he continued. "Now and then I wish I had not done it. I'll take what I get without asking for mercy." The couple had adopted him when he was a baby. He had believed the Yeaters had made a will leaving their property to a stepson, and this so in-censed him that he decided to kill them.

and jealousy were the causes of the shooting of two wives, one fatally and the other probably so. This afternoon Thomas Fallon a switchman in the employ of the South-ern Pacific company, sought his wife in apartments which he claimed were

hired by another man. He shot the woman four times. When the police arrived the woman's body was found in a pool of blood and Fallon was sitting in a chair contemplating his murderous work. He was inder the influence of liquor. When

Washingeon, April 1 .- A considerable part of today's session of the cabinet was devoted to consideration of the sitlation relating to the Panama canal. Satisfaction was expressed, that the French court, by its decision against the Colombian government, had made s possible for the United States to close negotiations with the Panama Canal company for the transfer of its property and concessions to this coun

That no delay of an unnecessary na-ture is now expected was evidenced by a cablegram read by Atty.-Gen Knox informing the cabinet that a meeting of the stockholders of the canal company has been called for April 23. At that time the final action will be taken by the company in the transfer of the canal property to the United States. When the legal technicalities have been complied with on the part of the company to the satisfaction of Assts, Atty.-Gens. Day and Russell, who are in Paris as representatives of the gov-ernment, the United States will be in a position to pay over to the company the \$40,000,000 for the canal property. At the same time \$10,000,000 will be paid

to the republic of Panama.

Of the treasury amount \$30,000,000 is on deposit in New York, subject to the order of Secy. Shaw. The remaining \$20,000,000 will be paid out of the current funds of the treasury.

Killed by Deputy Sheriff.

Telluride, Colo., April 2.-Robert D. Meldrum, a deputy sheriff, has shot and killed a man named Thissel in the boarding house of the Tomboy gold mines company, in Savage basin, five miles from here. Details of the affair are lacking. It is known that Thissel came in the room where Meldrum and several others were sitting and began to use abusive language toward Meldrum. A moment later he struck Meldrum in the face with his fist. Meldrum drew his revolver and fired at Thissel, the builet entering the latter's abdomen. He expired in a few moments. Manager John Herron of the Tomboy mine, who is a member of troop A, and a detail of soldiers were sent to the scene of the tragedy to arrest Meldrum.

Meldrum came here from Wyoming two years ago. He has held a commission as a deputy sheriff, and has been on guard duty almost continuously in the city and at te mines. He came to assist in the detection, if possible, of the murderer of Manager Collins of the Smuggler-Union company. Since the strike started he has been doing guard duty at the Tomboy. killed a man named Thissel in the board-

YOUNG CORBETT" TONICHT.

Preliminaries Announced for Nelson-Welch Bout Next Tuesday Night-Basketball Trip Off.

"Father" Gimlin announces that he has discovered a wonder in the pitching line and that he has landed him for Salt Lake. The pitcher is a southpaw, and he is so tall that Jimmy Wiggs will in the future probably be called "Shorty." The new wonder travels under the cognomen of Horn, weighs over 215 pounds and stands over six feet four inches. Horn is due here next week, and will at once be given a try out. If he makes good he will have a permanent place on the pitching staff of the home club.

If the weather will only remain good, the ball grounds will be in good shape for training by the middle of next week. Gimlin was down to the park yesterday and stated that the improvements were going or nicely.

The management of the Shamrock Athiletic club, announced last evening-a preliminary for the Nelson-Welch 'twenty-round contest, which takes place on Tuesday night at the Sait Palace theater. It will be an eight-round affair between "Australian Ed" Smith and a boxer named Tim Sullivan, who halls from Murray, Both men are pretty husky and those who know them predict a great go. "Kelley's Kids," the two youngsters who appeared in the benefit given at the Sait Lake Theater by Mr. Kelley for the families of the murdered street car men, will box four rounds. As an indication of the keen interest in the main attraction and the confidence Nelson and Welch have, it is only necessary to state that McClintic, manager for Welch, and Murphy, manager for Nelson, agreed last night to right winner take all, and they have also posted a side bet of \$200. The fight fans look for a great go as this is the only match of the kind given here since Harry Hynds and M. E. Mulvey matched Root and Gardfner. "It takes money to get topnotchers," says Kelley.

At Chicago tonight Young Corbett and Tommy Mowatt will fight a six-round bout and will weigh in at 130 pounds. Corbett is confident of beating Mowatt in spite of the fact that he has had no time to train. Mowatt has trained hard and is confident. He says:

"I have scanned Corbett's record carefully and I do not see where he has been such a fiend at any time in putting away men inside of six rounds. Therefore, I do not see any alarm, and my friends, I think, can rest easy in the belief that I will not alone stay the limit, but hold my own as well. At least, if Corbett beats me there will be no excuses to offer from my side."

The L. D. S. U. champion basketball team will not go to Colorado to play the crack teams of that state. The reason is that the Denver aggregation will not go in with Boulder and pay a portion of the expenses. Boulder was willing, but the Denver boys declared that it would not pay to get the Salt Lake team there and then be defeated by the Utahns. In other words, the Denver team is simply afraid to meet the home team. Boulder was anxious to do its part in the matter, but could not do it all alone. could not do it all alone,

Friendly Suit Results in Decree in Favor of the City Recorder.

proceeding brought to test a rule made by Judge Tanner in regard to allowing a defendant 10 days after judgment to claim exemption from execution. Judge Hall decided that a judgment debtor can not escape the judgment by filing an affidavit of exemption after the judgment has been entered against him.

The city recorder was not familiar with the rule of the court allowing 10 days to claim exemption, and in a recent case he paid over the money collected on a judgment to the plaintiff in the action before the 10 days expired and the defendant came in and claimed that \$20 of the amount collected was exempt. Judge Tanner ordered the clerk to refund to defendant that amount. This action was then brought with the result that Judge Tanner's order is invalidated.

A LITTLE SUNSHINE.

It Worked Maryels in Business Circles.

After weeks of gloomy and threatening weather, during which business of almost every description has been more or less stagnated, the whole world smil-ed yesterday with the return of sun-shine and fair weather. Everyone appeared to recover from the lethargy of the past few weeks, and business reeived a new impetus. It may be added that the sun shone on many new improvements in the building line, and many who had failed to witness during the days of flying snow the new Security Trust Building, owned by McGurrin & Co., investment bankers, were startled at the transformation in that handsome office building, where the work of put-ting in new and modern fixtures had progressed, however unsatisfactory the weather conditions were. The many people who inspected the new building yesterday were greatly pleased with its neatness, thorough equipment and mod ern conveniences. It merely shows what an awakening effect one day of sunshine will have in the business cen-
